Bull Fertility Certificate

Here by I, Dr M Malan, certify that I did the fertility examination on this Bull at Autumn Star Trading on the Farm, Wagenbietjieshoek on 27/08/2025.

Sperm Evaluation :

Motility :3+.....

Viable sperm :80%.....

Morphology : Dag Defects 3%.... Dead sperm 2%.... Distal Midpiece reflex 9%.... Double tails 1%....
: Coiled principal piece 5%....

Semen evaluation:

Volume:10ml.....

Colour:.....Ivory

Consistency:.....Thin Creamy.....

Smell:.....None.....

Contamination:.....Slight.....

Physical Exam:

According to my findings the above-mentioned Bull is in good body condition and shows no signs of abnormalities. On palpation of both testes no pathology were noted.

Identification :22-0003.....

Breed :Beefmaster.....

No clinical signs or lesions visible of Foot -and Mouth Disease.
